AUSTRALIAN FINE CHINA

AUSTRALIAN FINE CHINA

The porcelain experts from Down Under

It is perhaps not the most well-known fact in the world, but the Australians are experts in porcelain production. Australian Fine China (AFC) has been manufacturing since the 1920s. Originally known as Calyx Porcelain & Paint Company, it changed to its present name in 1992.

Three-year chip guarantee

Market leader

AFC supplies both the retail trade and the hotel and catering industry. Thanks to its good reputation and excellent product, Vitro Porcelain, AFC has been market leader in the Australian hotel and catering industry for as long as anyone can remember. Now, with head distribution points in both the Netherlands and England, AFC agents throughout Europe are set to conquer the European market, where their excellent price-quality ratio has been an important selling point.

Chip guarantee

Australian Fine China likes to maintain its reputation: it gives a three-year chip guarantee on all soup and dinner plates, and platters!

AFC's collection is continuously being expanded, a good reason to ask your hotel and catering wholesaler about the new additions to the collection.

PRELUDE *collection*

The Prelude Collection:

timeless elegance

In partnership with the well-known design bureau, Queensberry Hunt Levien, Australian Fine China designed a clean-lined, timeless porcelain collection in 1996: Prelude. This elegant collection is light in weight and includes a large range of items. Prelude's clean lines make it an excellent choice for fine dining in restaurants, as well as for use in hotels, grand cafés and conference centres.

The Hospitality Collection:

durability at an attractive price

The Hospitality Collection includes more than eighty extremely user-friendly items. The line was specially designed for heavy use in the hotel and catering industry, which explains the manufacturer's slogan for it: "Tough as nails!" Hospitality offers durability at an attractive price. The collection is highly suitable for cafés, restaurants, catering firms, conference centres, hospitals and other service providers.
